Terms for recruitment agencies

We operate some fixed terms that we are prepared to offer and accept. We do not want to be in a situation where we are choosing between two candidates based on the commission or terms of one agency compared to another. Here are the terms that we will offer.

Commission:

15% on the basic salary allowance up to £30000
10% on the basic salary allowance above £30000

Payment Terms:

30 days from the start of the employment

Rebate:

We are not going to ask for money back if the candidate leaves. However, if the candidate is not with us after 6 months then we will ask you to provide up to 20 more suitable candidates free of charge.

Do not send any terms and conditions to us unless you accept that our terms override them.
